With Hyperscience

Whether it's opening an account, processing a transaction, or handling account maintenance, you want to give your clients a stellar customer experience. Slow, error-prone manual processes get in the way of that. **Leading financial enterprises are streamlining these document-heavy processes with Hyperscience:**

*Improve customer experience with automation

Account Opening Forms
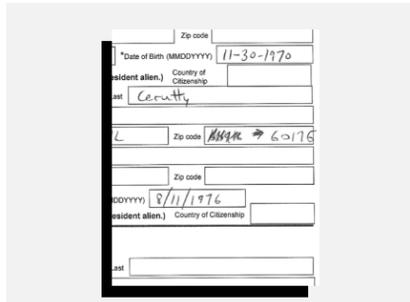

We read messy, handwritten docs with ease.

IRA Applications

We extract handwritten and typed entries.

Checks Processing

We handle low-resolution images.

98% Automation + **99% Accuracy**

Despite the variability of the documents received, TD Ameritrade is hitting 98% automation at a 99% target accuracy when processing its institutional and retail inbound mail processes. Read the full customer story here.
